????

2026 ?????????? AI?

- PHP????????????
- MySQL?????????? `My S-Q-L` ??? `My sequel` ????? `My ??` ?
- Redis?????????? Redis ??????????????????
- Nginx???????????????????? `php artisan serve` ?
- Composer????????? PHP ???
- Npm????????????????

The official way to pronounce “MySQL” is “My Ess Que Ell” (not “my sequel”), but we do not mind if you pronounce it as “my sequel” or in some other localized way.

??????????

```
cd bookstack-basic
```

?? PHP ???

```
composer install
```

????????

```
npm install
```
